

# Eric Dill, Kiss Goodbye

Take it all, in a night  
Break us down, break my life  
Holyness, that you were  
Heavy words, end our time  
But I won't confirmize  
Cause we don't kiss goodbye  
And we don't kiss goodbye  
No  
Careful love, how we die  
Loyal girl, loyal guy  
Now watch it burn away  
Cause we don't kiss goodbye  
And we don't kiss goodbye  
Say I won't hear the song  
Hear the words at heart  
Hear the words at soul  
No, we don't kiss goodbye  
No  
Shockers enter our world  
And destroy us  
And there's no room for us  
And your touch  
We go our own way (we go our own way)  
Cause we don't kiss goodbye  
And we don't kiss goodbye  
Say I won't hear the song  
Hear the words at heart  
Hear the words at soul  
Cause we don't kiss goodbye  
No  
Do we kiss goodbye?
