

# Eric Dill, Lose It

Different day, same situation  
What I'm hearing now I've heard before  
Trying to find a new position  
And say what I want to say  
All of my answers, superstition  
Not sure it matters anyway  
I'm holding out for a new sensation  
Not a day goes by when I'm not reaching for the high  
Anything to feel alive  
And keep on moving  
This time I'm gonna get it right  
Start it all over tonight  
I'm just gonna throw it away, throw it away and lose it  
Throw it away, throw it away and lose it all  
Sleep when I'm dead  
I'm on a mission to be what I'm gonna be  
Won't live under all your conditions  
All they do is bother me  
It's time to make my own religion  
We won't believe in gravity  
Make the escape from any expectation  
Not a day goes by when I'm not reaching for the high  
Anything to feel alive  
And keep on moving  
This time I'm gonna get it right  
Start it all over tonight  
I'm just gonna throw it away, throw it away and lose it  
Throw it away, throw it away and lose it all  
Throw it away, throw it away and lose it  
Throw it away, throw it away and lose it all  
I want to see a different view  
I'm setting out to find a truth  
To make some right of all my wrong and take it home  
You say that I'm not ready  
I'll do it anyway  
Not a day goes by when I'm not reaching for the high  
Anything to feel alive  
And keep on moving  
This time I'm gonna get it right  
Start it all over tonight  
I'm just gonna throw it away, throw it away and lose it  
Throw it away, throw it away and lose it  
Throw it away, throw it away and lose it  
Throw it away, throw it away and lose it all
