

Eric Dill, Take it Away

Closer, completing, watch this, I'm bleeding
Focus, I'm feeding, boredom, I'm leaving
All night, the bathroom floor's feeling alright
Seems like it's a good time to evaluate my life
While I am naked singing, whoa-oh
Look into my eyes and tell me you don't see it anymore
Whoa-oh, try my best to stand but I can't seem to get up off the floor
Wreckless, missing, haunted, hiding
Always, always, stark with my mistakes
All night, the bathroom floor's feeling alright
Seems like it's a good time to evaluate my life
While I am naked singing, whoa-oh
Look into my eyes and tell me you don't see it anymore
Whoa-oh, try my best to stand but I can't seem to get up off the floor
I'm over me, and I want to see
Through this self-imposing sanity
Through this insanity
Take it away, take it away, take it away
Oh, naked on the floor and singing, whoa-oh
Look into my eyes and tell me you don't see it anymore
Whoa-oh, try my best to stand but I can't seem to get up off the floor
Take it away, Take it away
