

Eric Hutchinson, Back To Where I Was

New life decides to come through the front door
and makes us wish we'd shown respect before
though i don't have much of a choice
i resolve to regain my voice

if i only just begin to understand it that's because
every time i start to change my mind again
it gets me back to where i was
gets me back to where i was

new life decides we never had a clue
the two of us deciding what to do
though my hands are all but tied
i rebound so i can say at least i tried

if i only just begin to understand it that's because
every time i start to change my mind again
it gets me back to where i was

and long as i'm allowed i'll change my mind that's what it's for
i'm getting older but i'm still the same i'm just not thinking anymore
and oh...

if i only just begin (if i only just begin) to understand it that's because (that's because)
every time i start to change my mind again
it gets me back to where i was
gets me back to where i was
gets me back to where i was
