

Eric Johnson, Emerald Eyes

When i go and i get lonely,i begin to think of you
But i know a dream is only,im a fool
Someone said that ud be long gone
Not to waste my time on u
I see u everyday and sunshine im a fool
Am i the fool to you? oh yeah

Emerald eyes i see u somewhere
Why your eyes so blue?
Love can be like holding your breath
Is that the way fools do?

Havent time to talk about it
I admit ive been a fool
Thought i shouldnt think about it
I need you cant stop this feeling
Am i the fool to you?

(3x)emerald eyes i see you somewhere
Why your eyes so blue?
Love can be like holding your breath
Is that the way fools do?
