

Eric Lee, Forever Yours

I never thought
Love was so powerful
I saw love in your eyes
As if you saw it in mine
If you died in my arms
I'd never live
For you had brought me back to life

Fresh as a flower
Sweeter than candy and juice
Heart of gold
I'll never turn you loose
Even in the darkest nights
Your love glows so bright
Never will I leave you
For I wouldn't live without you
I would die in sorrow and sadness
No other girl would ever compare to you
You're unique and special
And beautiful, my boo

I wouldn't miss a single second
To look at your gorgeous face
To cherish and hold forever
Kiss my love and embrace (my love)
Forever I'll be yours, I love you
