

# Eric Mantel, Merry-Go-Round

They say this life is like a valley of tears.  
Just look around you it's true.  
One minute you're happy one minute you're sad.  
But most of the time you stay confused.  
And all I know is one day we've all got to go.

Merry-Go-Round spinning round and a round.  
Ferris wheel of life always always up or down.

They say this life is like an illusionary dream.

Just look around it's true.  
A universe of karma and ocean of air.  
Heaven is waiting we'll soon be there.  
And all I know is one day we've all got to go.

Merry-Go-Round spinning round and a round  
Ferris wheel of life always always up or down
