

# Eric Saade, Hotter Than Fire (feat. DEV)

[Eric Saade:]

I'm dressing up for tonight, don't need no list no invite  
I'm here to dance, dance, da-da-dance, dance  
we headed straight to the bar,  
one drink became many more  
we here to dance, dance, da-da-dance, dance  
moving, moving I feel the vibe is getting loud yeah  
moving, moving, and now the cloud is overcrowded  
and at the top of the night,  
I caught her right in my sight  
I took a chance, chance

she's cooler than ice  
flyer than wind  
hotter than fire

this is the night  
i'm burnin' within  
she's hotter than fire

[DEV:]

I say i'm flammable I'm tnt  
light it up

she's hotter than fire

I say i'm flammable I'm tnt  
light it up

she's hotter than fire

[Eric Saade:]

she rocks that outfit for me  
red dress h-o-t indeed  
so I advance-vance, advance-vance  
her silhouette is death  
she's got me catching my breath  
she's so advance-vanced, advance-vanced

moving, moving I feel the vibe is getting loud yeah  
we're meant to be, no doubt about it  
and at the end of the night,  
I'm leaving right by her side  
I took a chance, chance

she's cooler than ice  
flyer than wind  
hotter than fire

this is the night  
I'm burnin' within  
she's hotter than fire

I say i'm flammable I'm tnt  
light it up

she's hotter than fire

I say i'm flammable I'm tnt  
light it up

she's hotter than fire

[DEV:]

I said i?m tnt  
but i?m not gonna out your seat  
they try but can?t compete  
cause i?m complete  
I said i?m tnt  
but i?m not gonna out your seat  
they try but can?t compete  
cause i?m complete

[Eric Saade:]  
she?s cooler than ice  
flyer than wind  
hotter than fire

this is the night  
I?m burnin? within  
she?s hotter than fire

I say i?m flammable I?m tnt  
light it up

she?s hotter than fire

I say i?m flammable I?m tnt  
light it up

she?s hotter than fire
