

# Erica Rivera, Somebody Stop Me

Daddy you don't know the half of it  
See I've started something  
Now I have to finish it

The curtain blows outside my bedroom window  
This is my life and i've gotta go

I check to see if there is a ladder  
in my stocking tight  
don't forget to leave the lights on

I'll be home before you know  
don't be mad if u hear me on the radio  
i feel good and i feel free  
on the microphone...

Somebody stop me  
keep my body rocking til late night  
im warning you  
dun try to block me  
you can't stop me on my time  
on my time

Come my girlies asking for the score? (what)  
they scream out better meet em' at the back door

sky rockin to where the speakers blow  
bass heavy rock steady grab the microphone  
now check the clock is reading 10 pm  
i bet my daddys dreaming  
he sleeping talking again

ill be home before you know  
don't be mad if you hear me on the radio  
i feel good and i feel free  
on the microphone...

Somebody stop me  
keep my body rocking til late night  
im warning you  
dun try to block me  
you can't stop me on my time

Somebody stop me  
keep my body rocking til late night  
im warning you  
dun try to block me  
you can't stop me on my time

i leave the light on  
and will make it so daddy  
gotta get my groove on  
ill be jumping round yeah yeah

i leave the light on  
and will make it so daddy  
gotta get my groove on  
ill be jumping round yeah yeah

Somebody stop me  
keep my body rocking til late night  
im warning you  
dun try to block me  
you can't stop me on my time

Somebody stop me  
keep my body rocking til late night  
im warning you  
dun try to block me  
you can't stop me on my time
