

# Erick Sermon, I'm Hot

(Verse 1 - Erick Sermon)

(I'm Hot) Open the door, feel the breeze  
And park that ass like Aj's and Free's  
But this section's E's behind the rope  
If your not with me freeze back the hell up  
(I'm Hot) Dj'd know what time it is  
Kid Capri, Flex, S, Clue or Biz  
It is off the lid, spot's type crazy  
Cats up in here got more bling than Baby  
I'm not ice rockin crystal poppin  
The type to rebound with chicks I'm not Rodman  
I gotta girl with a butt big as Trina's  
And green eyes but mine are greener  
(I'm Hot) I keep it simple like add and subtract  
One color, everything I rock is black  
Like that black chic black whips  
Black annex car brand new never ran it

(Chorus)

I'm hot, I'm hot just like an oven ooooh  
I'm hot, I'm hot just like an oven ooooh  
I'm hot, I'm hot just like an oven ooooh  
I'm hot, I'm hot just like an oven ooooh

(Verse 2: Erick Sermon)

1 Am....pandemonium  
Song comes on Ja Rule and Lil Mo and 'em  
So hot the spot's outrageous  
It's Ron and Kelly Chante contagious  
(I'm Hot) Records heard, Dj's playin 'em  
My words are being relayed who's sayin 'em?  
Ay yo!!!! we are  
My name's drama that's why it starts with ER  
(I'm Hot) I'm by far the best stop the racket  
I'm a master with a mic and green jacket  
They can be the traffic write somethin and run it  
Add a hot boy threw with me and stun it  
(I'm Hot) Still cats wanna outlash me  
I'll smash outlast your best MC  
Make him trash that cd, crash that seat  
Head bang thru the window when he heard the E

(Chorus)

I'm hot, I'm hot just like an oven ooooh  
I'm hot, I'm hot just like an oven ooooh  
I'm hot, I'm hot just like an oven ooooh  
I'm hot, I'm hot just like an oven ooooh

(Bridge: Erick Sermon)

Yeah, everybody in the house come on (Now baby let's get down tonight)  
Yeah, uh, grab somebody on the floor come on (Now baby let's get down tonight)  
Uh, feel the music get into come on (Now baby let's get down tonight)  
Yo stop the hate, appreciate (Now baby let's get down tonight)

(Verse 3: Erick Sermon)

Verse 3 uh, lights out let's bounce  
Get it crunked, before the last songs announced

While you go left, I make a right turn  
(I'm Hot) Def Squad no one does it better  
If it gets hot take off the hot sweater  
Funklord that's my handle black  
Breaker breaker one nine right you copy that

(Chorus)
