

# Erika, I Don't Know

In my soul , In my soul ....

I am not a baby anymore  
I am not a same sin as before  
I see it in the mirror , in my room  
And i can feel it stronger in my soul  
But I don't know if its the right day , for this words  
Now I say things I didn't say before  
I need an explanation, tell me more  
Why am I alone now? I don't know

How can I live forever?      I don't know  
Where can I find Heaven?    I don't know  
What is going to happen?    I don't know  
Why am I alone now?        I don't know

I don't know    x2  
In my soul, In my soul...

I live it for my darling , and I will  
That am I leaving problems down our feets  
I want to live my feelings day by day  
I like to give emotions , in my way  
But I don't know if its the right day, for this words  
Now I say things I didn't say before  
I need an explanation, tell me more  
Why am I alone now? I don't know

How can I live forever?      I don't know  
Where can I find Heaven?    I don't know  
What is going to happen?    I don't know  
Why am I alone now?        I don't know

In my soul, In my soul...
