

Erika Jo, I Break Things

I broke most of Mamas dishes
She banned me from the kitchen
When I was a kid
And I tore Daddys truck to pieces
Left it in a heap that no mechanic could fix
You dont believe me, I can see you laughing
But trust me Im an accident waiting here to happen,'cause...

[CHORUS]

I break things
Anything I touch
I just get around 'em
And Im bound to tear em up
Yeah, I make things
Snap and fall apart
So if you wanna hold me, boy
You better watch your heart
Because I break things

You say Im nothing you cant handle
Youre tougher than an anvil
Well, baby, well see
Im like a wrecking ball coming
Youre better off running far away from me
Dont get me wrong now, baby, I adore ya
Its only right that I give you fair warning

[CHORUS]

Rain is wet, the desert is dry
Thats the way itll always be
Fire is hot, its dark at night
The sun comes up in the east and...

[CHORUS]

I break things
