

# Erika, Save My Heart

Im not the one, im not the one  
now i know, now i know  
Yyour the one for me

Im the one who left to just to be free  
now i know you were the only one for me  
im alone since i wanted to change my ways  
now i know, that was my biggest mistake

i miss all your phone calls and all ur sweet words  
only photo's bitter feelings and memories  
theres no sunshine and no rainbow in my soul  
if i catch you i wont leave u anymore

wooooo save my heart with your love,  
and stand by me, like before i cant go on  
all alone without your love  
wooooo save my heart, with your love and make me feel  
like before i cant go on, i want your love back again  
Your love again

Im not the one, im not the one  
now i know, now i know your the one for me.

You will find all my kisses in the rain,  
tell me how i could really want more things  
if u dont, let me tell u wot i feel, wot i feeeeeel  
without u it is useless to be free

i miss all ur phonecalls and all ur sweet words  
only photos bitter feelings and memories  
yeah yeah  
theres no sunshine and no rainbow in my soul  
if i catch u, i wont leav u, anymooooore.

save my heart with your love and stand by me,  
like before i cant go on, all alone without your love,  
repeat  
Im not the one, im not the one  
now i know, now i know ur the one for me
