

# Erlend Oye, The Black Keys Work (Phonique Rm

What a little mouth  
you have,  
kissing you is nice,  
but hard.

Sit down in your chair,  
and play.

I'll stretch on your back  
and wait  
and wait...

You asked me if I have  
I said no.

Neither do you,  
but still. (still, still, still, still, still)

You go on top of me,  
and you stay.

Wake up with a smile,  
next day.

Ooooh...

What a little mouth  
you have,  
Kissing you is nice,  
but hard.

Ooooh...
