

Erlend Oye, The Black Keys Work (Phonique Rm

What a little mouth
you have,
kissing you is nice,
but hard.

Sit down in your chair,
and play.

I'll stretch on your back
and wait
and wait...

You asked me if I have
I said no.

Neither do you,
but still. (still, still, still, still, still)

You go on top of me,
and you stay.

Wake up with a smile,
next day.

Ooooh...

What a little mouth
you have,
Kissing you is nice,
but hard.

Ooooh...
