

# Ernest Tubb, Busiest Memory In Town

You're with me from my first cup of coffee right up till that last beer goes down  
You're on my mind so I can't sleep till morning you're the busiest mem'ry in town  
Had talk last night with your new love but then he mentioned a few more you'd found  
So we drank a toast to the next one and the busiest mem'ry in town  
Babe sometimes you simply amaze me  
With how fast you spread that heartache around  
It must be hello I love you I'm leaving you're the busiest mem'ry in town  
[ guitar ]  
Babe sometimes you simply amaze me...  
It must be hello I love you I'm leaving you're the busiest mem'ry in town
