

Ernest Tubb, Old Love New Tears

[John Johnson and Leon Rhodes]

Old love new tears cause from seeing you again last night
Old love new tears I just stood there crying till you were out of sight

For you were with your new love and you passed me right on by
I tried my best to give a smile but mem'ries made me cry
Old love new tears cause from seeing you again last night

[steel]

Old love new tears...

I turned around and slowly walked away
These tears I knew that I had shed would fall like this someday
Old love new tears cause from seeing you again last night
