Error, Homicide

I believe in homicide
I rest my case
Don't cast a sigh
You'd better believe it
'Cus that's the truth of it
Take it or leave it
Resign to it

Homicide! (x4)

You tried to tell me it's his fault because he's dead
And lettin' loose this homicide all over town

I'll take enough but
I'll take it down
What's your address
I'll write it down
I'll be in touch so
Don't leave town in a big, black car!

Homicide! (x8)

I believe in homicide
I rest my case
Don't cast a sigh
You'd better believe it
'Cus that's the truth of it
Take it or leave it
Resign to it

Homicide! (x4)

x4
Homicide!
(And lettin' loose this homicide all over town)

Homicide! (x4)
