You know I love it when they play my beat real loud

Because it moves the band and then it moves the crowd

You know I love it when they play my sh-t sky high

It puts me in a daze

[Bridge]

And oh--oh--oh--oh

Ooh baby before you bump it

Won't you shake it just a little for me

Oh--oh--oh--oh

Wait a minute for you buss it

Won't you roll a lickle something for me

And oh--oh--oh--oh

Ooh baby before you bump it

Won't you shake it just a little for me

Oh--oh--oh--oh

Wait a minute for you bump it

Won't you shake it for me, shake it for me
