

Erykah Badu, Honey

So tell me Slim what you wanna do
When you know I'm in love wit you
Every time that I turn around
Look for you but you cant be found
Fly free baby fine wit me
I'm in love wit' a bumble bee
Ooh Slim, boy you killing me
But you soo sweet ta me
Oww

Honey you so sweet
Sugar got a long way to catch you
You so sweet
All I gotta do is add a li'l lemon
You my favorite drank
Ya make me thank
Oww
Honey you so sweet

So tell me Slim, what its gonna be
It don't be like this usually
When it come to that ,"what it do."
I don't fall for that "woop-tee-woo" (bull)
Ooh boy can you tell me please

Wanna know if ya feelin' me
Ooh Slim boy ya killin' me,
But you soo sweet ta me
Oww

Honey you so sweet
Sugar got a long way to catch you
You so sweet
All I gotta do is add a li'l lemon
You my favorite drank
Ya make me thank

You got that honey
You runnin' from me
You really turn me on
You got that honey
Stop acting funny

So tell me Slim, what you tryin' to do
I'm trynna get me an interview
Look for you all over town
But you gave me the run around
Fly free baby fine wit me
I need to know if you're feelin' me
Can you stick your pinky finger in my tea
Cause you soo sweet ta me

Sugar got a long way to catch you
You so sweet
All I gotta do is add a li'l lemon
You my favorite drank
Ya make me thank

You got that honey
You runnin' from me
You really turn me on
You got that honey
Stop acting funny
You really turn me on
