

Erykah Badu, Next Lifetime (Interlude)

1-Now what am I supposed to do
When I want you in my world
How can I want you for myself
When I'm already someone's girl? (2 times)

First time that I saw you boy
It was a warm and sunny day
All I know is I wanted you
I really hoped you look my way
Then you smiled at me
So warm and sweet
I could not speak
You make me feel like a little bitty girl
What do you do to me

Repeat 1-(2 times)

I guess I'll see you next lifetime
No hard feelings
I guess I'll see you next lifetime
I'm gonna be there

You're energy
Feels so damn good to me
It picks me up don't wanna come down
You got me spinning all around
Yeah
You need to know
I've got somebody
You're beautiful
But still it ain't that type of party

Repeat 1 (2 times)

Well I guess I'll see you next lifetime
Maybe we'll be butterflies
I guess I'll see you next lifetime
That sounds so divine
I guess I'll see you next lifetime
I guess I will now
I guess I'll see you next lifetime
Wait
Wait a little while

See it ain't nothing wrong with dreaming
Boy don't get me wrong
Cause every time (every time) I see you (every single time)
It lets me know just how strong (every single time)
That my love is for my baby
But emotions just don't lie
Well I know I'm a lot of woman
But not enough to divide the pie

Repeat 1 (1 time)

I guess I'll see you next lifetime
You know I want to stay around
I guess I'll see you next lifetime
I'm so confused now

Repeat 1 (1 time)

I guess I'll see you next lifetime
Already

I'm going to be there
I guess I'll see you next lifetime
I'm going to look for you

Repeat 1 (1 time)

I guess I'll see you next lifetime
Oh
Oh baby
I'm gonna be there
I'm gonna be there
