

# Escape Club, Only The Rain

it's midnight and the stars  
and the bright lights  
shine on to my wall  
and in a distant bar  
someone's blowing  
a blue serenade  
but only the rain  
will stay with me tonight  
only the rain  
and only the rain  
will keep me company now  
since you went forever  
I've been around  
and around all the bad times  
that you cried in my arms  
that night you never came  
out on the old lines  
thought I head your train  
now only the rain  
will play its song for me  
only the rain  
will keep me company now  
till I get my feet back  
on the ground
