

# Esham, Pussy Ain't Got No Face

Like clockwork, my jock hurt  
Cuz I bone so many ho's, that's how it goes  
This is anotha one them sex, triple X  
And if you listen to my tune, you'll be wet  
Well I was walkin down the street, all by my lonesome  
I seen this ugly young thang, said she want some  
Well I'm not the type a brotha, who does'nt share  
I said look baby, if your clean, I dont care  
I had to play it on the safe side, I used protection  
She started rubbin on my dick, till an erection  
I fucked the ho in the alley, without haste  
You see her pussy has lips, but no face  
So Reel Life Product know that...

[chorus]

Stepped outside, New York Yankee  
Lookin for a ho and some hanky panky  
Pretty long hair or nappy and bald  
If you got a clean pussy I'll fuck you all  
It really dont matter to me you see  
I'll fuck your brains out sexy or ugly  
A girl was on my tip I had to take her to the crib-o  
But little did she know that she was an ugly ho  
She must a loved my dick cuz she was hollin' out my name  
I fucked her and I fucked her, and no I'm not a shame  
Spit, slob, juicy lips, wall's to wall's  
All that juice drippin off my ball's  
You might, be ugly or you might be cute  
But either one it don't matter I could still fuck you  
If you was ugly and I fucked you, I got taste  
But keep in mind that your pussy aint got no face

[chorus]

All you bitches lined up to ride the dick  
Get it cum with it and ride it till you sick  
I fuck with a beat so my dick keeps drummin'  
It's a party in your mouth, and yes I'm cummin'  
To exotic, Reel Life Product  
Always on the hard cuz my mind's erotic  
A pornographic rhyme, a pornographic mind  
A pornographic everything from front to behind  
I'm the one and only that can make you shout  
Cuz I get nasty, like brussel sprouts  
Speak freaky in the ear of a ugly ho  
But dont get wrong, I like the pretty one's though  
But they be tryin' to diss, so I'm a tell you like this  
Fuck every chance you get and then afterward's piss  
Bitches is bitches and fact's is fact's  
You just wanna bust a nut and tell the ho to get back  
So fuck every bitch in the human race  
But keep in mind that the pussy aint got no face
