

# Esham, The Jaw Bone

Yo baby wassup, how ya doin girl  
Your the finest thing I ever seen in the whole world  
See ya look so good like a cherry pie  
I just had to speak because you caught my eye  
You got the big plump booty with the lovely curves  
Other niggaz scared to speak 'cause they aint got enough nerve  
But I'm different and magnificent, the brotha they wanna be  
And if you aint jockin now, well baby you gonna be  
I'm somthin like a sex feind, kinda your we dream  
Turn you inside out and make your pussy steam  
I said pussy aint got no face and I meant every word of it  
You betta go ask someone I'm sure that they've heard of it  
Enough about me, what's your name  
I kept runnin game and game and game and game and game  
She said "The same old thing from the same old guys"(not me)  
&"Tellin lies to get between my thighs"  
I said "baby what's up, but I'm different though"  
She said "Yeah, I know, I've heard it befoe"  
I said "Yeah I am, I'm tellin the truth, I'm tellin it like it is"  
She said "Yeah you might but you might kiss and tell yo biz"  
I said "look baby it aint like that 'cause all I want from you"  
&"Is the J-A-W-B-O-N-E";

(CHORUS)(x2)

The jawbone, yup, yeah the jawbone  
Do me baaaby when we get alone  
The jawbone, what, yeah the jawbone  
Do me baaaby when we get alone

Well if ya aint doin it now  
In the future you will do it  
And when your dead and burried  
Where ever you go you'll still do it  
Suck my dick like a dick is supposed to be sucked  
Open up wide, and let your tongue get f\*\*ked  
Suck my dick like a lolly pop  
And when I bust a nut you still dont stop  
You gotta slip, slip, slurp and slurp, slip, slip  
Take a pause to spit and wipe the nut from your lip  
You say you cant suck a dick, then you's a god damn lie  
You dont need no instructions, and this is why  
If you can lick your fingers after lickin the finger lickin chicken  
You can lick my dick, so start lickin  
It's like suckin yo thumb, same thang suck my bone  
If you cant gimme no jawbone, then you can go home

(CHORUS)(x2)

The jawbone, yup, yeah the jawbone  
Do me baaaby when we get alone  
The jawbone, what, yeah the jawbone  
Do me baaaby when we get alone

So baby what's up, what's it gon' be  
You and me, the J-A-W the B-O-N-E  
So what's the deal, I said I like the real feel  
Although I got protection  
I know your mouth wont give me no infection  
(all this and that, that this might be true)  
(but how do I know it's safe f\*\*kin around wit you)  
(you might gimme somthin, how do I know)  
Well baby you can suck it with a condom on ho  
I dont give a f\*\*k how you suck it, just suck it  
Open your mouth as I comense to f\*\*k it  
Baby what's up, just gimme a low blow to the head

Gimme jawbone untill your cheeks turn red  
I'm almost through so what you gon' do  
Put my bone in your mouth and say ohfoofoo  
Oh I forgot it's not polite to talk with your mouth full  
Suck in your face like a fish and let your cheeks pull  
There she blow's on my Moby  
Gotta dick whip the bitch like Toby  
But I cant stay, I gotta be on my way  
But I'll be back for jawbone another day

(CHORUS)(x2)

The jawbone, yup, yeah the jawbone  
Do me baaaby when we get alone  
The jawbone, what, yeah the jawbone  
Do me baaaby when we get alone
