

Esham, Unhappy

A-1 Yola

15a - Unhappy

"(I was dreamin' when I wrote this, so don't quote this. Watch me flow this.)

[Verse 1]

UNHAPPY...

When you live your life in misery

And you so blind

Can't see

Nothin' but sufferin'

Tired of strugglin'

Hustlin'

Barely gettin' by

I can't lie

Sometimes it make me wanna cry

Hold back the tears inside

Keep all my fears inside

And my pistol by my side

So much anger and aggression

> From manic-depression

I grab my Smith & Wesson

This is just another lesson

I feel like God is testin'

I'm steady askin' questions

'Cause I'm unhappy

[Chorus]

Unhappy (x19)

UNHAPPY...

[Verse 2]

When you unhappy like me

A problem's never solved

You never get involved

The whole world revolves

Around doctor's diagnosis

With symptoms of insanity

Mental casualty

It's sad to see another tragedy

Blasphemy

Thinkin' too deeply

Forever sleepy

A subliminal criminal

In the darkness, you can't beat me

Pacsel

Lithium pills

Benadryl

Askin' God to forgive me

I guess this how I was sent to feel

When he unhappy

[Chorus]

Unhappy (x19)

UNHAPPY...

[Verse 3]

I'm sick and tired of bein' sick and tired

Fallin' in fire

Feels like my body is wrapped in barbed wire

I don't give a f**k no more

And I just can't take no more

How the f**k am I supposed to not to bake a cake no more?

And the only thing that's left is love
'Cause I can't hate no more
So, if you gonna kill me, do it
'Cause I just can't wait no more
Rappers dyin' from rapid fire
It just ain't safe no more
Time waits for no man
And I just can't waste no more
Steady lookin' at my mistakes
I can't erase no more
Demons fallin' from the sky
This ain't no holy place no more
God, I swear I'll never put you in second place no more
'Cause I don't wanna see that look on your face no more
Drugs, I don't chase no more
That ain't the case no more
And I finally don't wanna be a disgrace no more
A guinea pig to this world's rat race, no more
Russian Roulette in the face with a .44
I'm unhappy

[Chorus]
Unhappy x19)
UNHAPPY..."
