

Eskimo Joe, See Saw

You can whistle like a see saw
Try for the sky, try for the ground
You can listen hard and never find the answer
Does this mean that your not home?

There's a hole to fix anytime you like when your in love oh-oh
Everyday gets a little bit to and fro oh-oh
We can make a see saw in your home

You can rattle like a tin can
I will love you, I will always be your fan
You can listen for a stone that's never thrown
Feel it sink just like your bones

There's a hole to fix anytime you like when your in love oh-oh
Everyday gets a little bit to and fro oh-oh
We can make a see saw in your home oh-oh
Everyday gets a little bit raise a toe oh-oh

When your in love oh-oh
Everyday gets a little bit to and fro oh-oh
We can make a see saw in your home oh-oh
Everyday gets a little bit raise a toe oh-oh
Everyday's a little bit old
Everyday's a little bit old
Everyday now
Everyday's a little bit old
Everyday's a little bit old
Everyday now
Everyday's a little bit old
Everyday's a little bit old
With a see saw in your home
