

Eskimo Joe, Suicide Girl

With lips that kiss, words of teeth
And I was wrong to let you know
So drink your coffee and catch your bus
Cause I just want my suicide girl

My soul suicide girl
Poison in the well
Razors in the apple core
She's my social suicide girl
She'll catch you in her way
Until everyone just stays away

See these words, sharp as knives
And I just want to let it go
Seven stitches in my head
And I just want my suicide girl

My soul suicide girl
Poison in the well
Razors in the apple core
She's my social suicide girl
She'll catch you in her way
Until everyone just stays away
Stays away

Oh girl

My soul suicide girl
Poison in the well
Razors in the apple core
She's my social suicide girl
She'll catch you in her way
Until everyone just fades away

If her kiss is deep
Then you'll sleep
Gravestones lie
And futures die
