

# Eso-Charis, Dunamis

God, we thank you and we lift up our requests

Holy spirit manifest

Give us the words to minister

Open minds, soften hearts, in Jesus name

Lost souls

I want to tell you 'thank you', Jesus

People your eyes are blind

Make new your hearts

(Throw away selfishness, works won't save.)

My God help us to be bold, amen, pointless, worthless, lifeless life

(This world and it's lusts will fade away)

There's nothing you can do to stop it, dunamis

Power (You can't stop it dunamis) lost souls

(&quot;This burning feeling inside of me

I hold this blood in my hands, it runs over exceedingly

I shall not break my stance.&quot;)

Satan we expose you, you're a liar

You're a liar

Satan we rebuke you in the name of Jesus
