

Ester Drang, One Hundred Times

This is so like you to go on inside your mind

Oh

It's callin' to be fallin', and callin' to be fallin'

It's callin' to be fallin' down

This is so like kyou to go on inside your mind

Oh, oh

If I told you once then I told you a thousand times

If I told you once then I told you a thousand times

I've crawled in next to you by myself

And you'll fade out now
