

Ester Drang, Repeating the Procedure

Time
Time again
Get you out of here
Get you back out again

Don't leave you when you're gone
Don't leave, this won't take long
To see

Time
Time again
Get you out of here
Get you back out again

Don't leave you when you're gone
Don't leave, this won't take long
To see

And I am in the circle
You're never quite the same
I see you
You're never quite the same
You're never quite the same
You're never quite the same

Time
Time again
Get you out of here
Get you back out again
