

# Ester Drang, The Greatest Thing

The greatest things will unfold I'm told  
The greatest things will unfold I'm told

You came down as a man  
With your purpose as your plan  
All the same, the hearts of men  
With your purpose as your plan

The greatest thing will unfold I'm told

I'm on your side  
I need you to stay mine

You came down as a man  
You came down as a man  
You came down as a man
