

# Esthero, This Lullabye

And if I give you what you want  
and everything you need.... honey,  
could you deliver that to me?  
Could you give yourself completely to a love like this  
and all it can bring?  
A picket fence? A diamond ring?  
Well I really did not think so.....

Just say 'goodbye'  
Don't ask me why  
I'll listen to this lull-a-bye  
Don't say you'll try  
after tonight  
All that I am is this lull-a-bye

If I am all that you desire  
then why are you never ever satisfied?  
I could give the world and you'd still cry your refrain  
again and again.....  
And I might stay if you would bend....  
But I really did not think so.

Just say 'goodbye'  
Don't ask me why  
I'll listen to this lull-a-bye  
Don't say you'll try  
after tonight  
All that I am is this...  
this lull-a-bye, this lull-a-bye, this lull-a-bye.....
