

Estradasphere, At Least We'd Have Today

Soon, we'll know if we are gonna make it through
If in this world, the one for me is you
My time in this world is fleeting all the while

Soon, we'll separate the sorrow from the pain
Tomorrow's nice, but how about today
So if I'm gone tomorrow, then at least we'd have today

Baby, I can't wait forever
Can't you see, it's now or never here
My eyes are crying for you, sweet
And pray for the love you once gave to me

Now I don't know if we're gonna make it through
To share our love, the way that we use to
My time in this world is fleeting all the while

Now you seem so cold, each time I talk to you
Is this the way, after all that we've been through

I may be gone tomorrow, so I'll just live for today
I may be gone tomorrow, so I'll just live for today

Soon, we'll know if we're gonna make this through
If in the world, the one for me is you
My time in this world is fleeting all the while

Soon, we'll separate the sorrow from pain
Tomorrow's nice, but how about today
If I'm gone tomorrow, then at least we'll have today

Baby, I can't wait forever
Can't you see, it's now or never
My eyes are crying for you, sweet
And pray for the love you once gave to me

Now I wonder if we're gonna make it through
To share our love, the way that we use to
My time in this world is fleeting all the while

Now, I forgot the fucking lyric to this song
Well, baby, if you don't come back
Then I'll just stop singing
Gonna go to the store, I need a battery
Double A from Circuit City

I may be gone tomorrow, sugar babe
So I'll just live for today
