

# Etana, Wrong Address

Tried to get a job today but  
When dem see the application dem say  
If this is really where you reside  
Please step outside  
She asked them why  
And they replied...  
We don't want no trouble  
We don't want no trouble, no day  
Cause lady where you come from  
People die there everyday  
For our safety that's where you should stay  
She traded in her three-piece for two  
Everything and anything she wanted to do  
Went back to her side of town  
In bed she lay down  
All she could hear was...  
We don't want no trouble  
We don't want no trouble, no day  
Cause lady where you come from  
People die there everyday  
For our safety that's where you should stay  
It's easier to give into the pressures of life  
It's harder to get over when you try to do right  
Just stay focused and keep your goals in site  
Been through school, passed every test  
Graduated above the rest  
And yet the society still looks down  
They do this, why?  
They don't want us to try  
And so they'll reply...  
We don't want no trouble  
We don't want no trouble, no day  
Cause lady where you come from  
People die there everyday  
For our safety that's where you should stay
