

Eternal Decision, Breaking

Inhale the smoke, "Take it in."
Hold it in till I choke, "Here I go again."

Breaking- My addiction is breaking.
Hating- My condition I'm hating.
Taking- My conviction is taking hold of me.
Breaking- Never make it if I do it on my own.
Breaking- I can't make it if I do it all alone.
Breaking- I need you to be there when I'm going down.
Breaking- I'm breaking free.

Shoot it in my vein "Feel the flow."
Till I block out the pain. "Fallen down so low."

First the man takes a drink.
"Then the drink takes a drink."
Then the drink takes the man.
"Now I understand."

Chorus:
