

# Eternal Decision, Without Shelter

I was a beggar on the street  
Alonely soul  
I was lost without a home  
And I had nothing  
That this world has to give  
Thought I'd always be alone

Without shelter  
Without you  
Lost and all alone  
Trying on my own  
I need you now  
I need you forever  
And you first loved me  
Now I'll love you forever

I was the prideful one  
It seemed I had it all  
But you've shown me I was poor  
And I had everything this world  
Has to give  
But inside I needed more
