

# Etherdust, Take My Place (Head Mix)

You let me fall and slip away  
You bring me down to my knees  
You let me fall thinking I'd be done and gone  
Now it's your turn to crawl  
Take my place and die alone

Wish you'd let me go and find my way  
Can't help myself but drown in this pain  
You watch me fall thinking I'd be done and gone  
Now it's your turn to crawl  
Take my place and die alone

Wish you'd let me go and find my way  
Can't help myself but drown in this pain  
You watch me fall thinking I'd be done and gone  
Now it's your turn to crawl  
Take my place and die alone
