

Ethereal Scourge, Hecatombs

deification rotting minds
denying the christ
infested with lies
from demons born
you gladly feast
on a banquet of falsehood
and fire roared from heaven
the carcass was consumed
seize the prophets of baal
four-fifty to their doom

masticate mental reservation
welcome the venom
drowning in the depths
of insanity
hecatombs
idolatrous race
new age movement
mankind is the god

canonise
idolise
deify
why...
