

Etyl, Sao Song

We came from the same belly
But you don't know me
You've never been so close to me
Do you really think that I'm stupid ?
I feel sorry, I feel angry

Cold Heather, you judged me so fast
And ran away from me
Poor Peter, I was too young
To care about our family

We came from the same story
But I feel lonely
You forgot me, you forgot me
You think that I need nobody
Are you happy ? You're so foggy

Cold Heather, you judged me so fast
And ran away from me
Poor Peter, I was too young
To care about our family
