

Europe, Ready Or Not

(Joey Tempest)

Ready or not but I waste no time
I'm headin' out with some friends of mine
Holdin' on to what we've got
Oh even if we're ready or not

Ready or not but they're back in town
The word is out that this time around
They'll be lettin' go with all they've got
Oh even if we're ready or not

Rock me til I hit that floor
Rock me til I take no more
Rock this hungry heart of mine
Rock me down right to the ground
Rock me like you never done before
Then rock me just a little more

Ready or not but for all I know
We'll be hangin' on til it's time to go
We're always there with all we've got
Oh even if we're ready or not

Ready or not but i waste no time...

Rock me til I hit that floor...
