Europe, Ready Or Not

(Joey Tempest)

Ready or not but I waste no time I'm headin' out with some friends of mine Holdin' on to what we've got Oh even if we're ready or not

Ready or not but they're back in town The word is out that this time around They'll be lettin' go with all they've got Oh even if we're ready or not

Rock me til I hit that floor Rock me til I take no more Roch this hungry heart of mine Rock me down right to the ground Rock me like you never done before Then rock me just a little more

Ready or not but for all I know We'll be hangin' on til it's time to go We're always there with all we've got Oh even if we're ready or not

Ready or not but i waste no time...

Rock me til I hit that floor...
