

Eurythmics, Belinda

Belinda the rain is falling
Belinda your love is calling
Belinda he'd never leave you
Belinda he won't deceive you

Belinda your mind is dreaming
Belinda it's so misleading
Belinda he'd never leave you
Belinda he won't deceive you

How the rain still falls

Belinda your eyes have spoken
Belinda your heart is broken
Belinda he'd never leave you
Belinda he won't deceive you

Dry your tears...
Close your eyes...
