

# Eurythmics, Downtown Lights

Sometimes I walk away  
When all I really wanna do  
Is love and hold you right  
There is just one thing I can say  
Nobody loves you this way  
It's all right, can't you see  
The downtown lights  
In love we're all the same  
We're walking down an empty street  
And with nobody calling on me  
Empty street, empty night  
The downtown lights  
\*How do I know you feel it  
How do I know you feel it  
How do I know you feel it  
How do I know you feel it  
It's all right

Tonight and every night  
Let's go walking down this empty street  
Let's walk in the cool evening night  
Wrong or right, be t my side  
The downtown lights  
It will be all right  
It will be all right  
The downtown lights (\*Repeat)  
Neons and cigarettes  
The rented rose and rented cars  
The crowded streets, the empty bars  
Chimney tops, the trumpets  
The golden lights, the loving prayers  
Colored shoes, the empty trains  
I'm tired of crying on the stairs  
The downtown lights
