Eurythmics, For The Love Of Big Brother

Like a train passing in the distance Black bird in flight I hear you call And even though there's no one Dark shadows move across the wall

I still hear the echo
Of your footsteps on the stairs
Still recall the images that
Seem to live out there

First you see my fingerprints Like skeletons of leaves on the wall People changing places I stand for a moment And it's gone

I still hear the echo
Of your footsteps on the stairs
Still recall the images that
Seem to live out there

Like a train passing in the distance Black bird in flight I hear you call And even though there's no one Dark shadows move across the wall

I still hear the sound of Conversations from the hall Look to see who's coming But it's nothing And there's no one there at all (No one there at all)
