Eva Avila, Old Love Song

Wandering around in the city
Nothing like my sweet hometown
Everybody seems so pretty
Trying to keep my feet on the ground
And I just bought these brand new clothes
So why am I still feeling blue
Something's still missing
I just figured it out

(Chorus:)
You'll take me home
Like an old love song
I could listen to that record all night long
You'll take me away
From all these crazy days
When it feels like everything is going wrong
It gets easier when you play that old love song

Never knew how much I could miss you Never thought I'd feel this way Took a thousand miles and a plane ride Now I think about you night and day I would leave these brand new clothes Just so I could let you know It was you that was missing I just figured it out

(Chorus:) You'll take me home

Like an old love song
I could listen to that record all night long
You'll take me away
From all these crazy days
When it feels like everything is going wrong
It gets easier when you play that old love song

I've been busy chasing dreams Left behind the most beautiful thing And all I know is I just wish you'd come back here and

(Chorus:)
Take me home
Like an old love song
I could listen to that record all night long
You'll take me away
From all these crazy days
When it feels like everything is going wrong

When you play that old love song
Like an old love song
I could listen to that record all night long
You'll take me away
From all these crazy days
When it feels like everything is going wrong
It gets easier, so much easier
It gets easier when you play that old love song
