

# Eva Avila, Should I Fall

It's 3 a.m.  
And I've been thinking  
What we're all about  
I gotta tell you  
I'm halfway  
Between hope and doubt  
Am I goin' overboard  
Pushing just a little too hard  
Don't want to give it all away  
But hey

I admit to being afraid  
Falling hard and being played  
My heart is saying just let go  
But I don't know

[Chorus:]  
Should I fall  
Open up and give it all  
Should I fall  
Should I fall  
Don't know what I'll do  
Should I fall for you

There's a part of me  
Saying take a chance  
Tell you everything  
Then the other side  
Says be cool  
Hold back something  
I'm not into playing games  
I'm hoping that you feel the same  
I'd like to get close tonight  
But only if it's right  
Won't somebody tell me how  
I'm supposed to hold back now  
Am I past the point of saying  
Let's wait?

[Chorus:]  
Should I fall  
Open up and give it all  
Should I fall  
Should I fall  
What I'll do when it all falls through  
Should I fall for you

Mmm, Should I fall for you? Mmm..

I've been holding back so long  
What I feel can't be wrong  
Once we start it'll be too late  
And love will carry us away  
Should I fall for you baby  
And you know you know it's true

[Chorus:]  
Should I fall  
Should I fall for you?  
Should I fall for you baby?  
Should I fall  
Tell me should I, what I do when it all comes through  
Should I fall for you, Oh

Don't know what I'll do

You got me going crazy  
'Cause I'm falling for you baby  
And I don't know what to do  
What happens if it all falls through

Should I fall, should I fall  
Open up and give it all  
Should I fall, don't know what I'll do  
Should I fall for you  
Should I fall for you
