

# Evan Taubenfeld, Pumpkin Pie

Yeah I was fine. just hanging out  
I was living like a player in a west coast town, yeah.  
I never thought that I would ever settle down.  
Always one girl after the other  
Didnt wanna be her boyfriend  
all I needed was her number, yeah.  
Let me share a little bit of what I found.  
There were so many flavors I wanted to taste.  
Then  
Jayme, thought she was the one till she  
played me just like twenty one then  
Katie, I couldn't get enough she was just like Pumpkin Pie.  
but then Katie, she kinda had a thing with Stacey  
and that was pretty fun but  
Lately I wanna goto sleep with the same girl....  
the same girl every night  
ahahaha...  
Some girls should come with a warning  
and a dose of pinacillin first thing in the morning  
But last night it never really crossed my mind  
one girl after the other  
I was hitting on your roommate  
I was flirting with your mother  
and now I get the feeling there was always that time  
Like  
Jayme, thought she was the one till she  
played me just like twenty one then  
Katie, I couldn't get enough she was just like Pumpkin Pie.  
but then Katie, she kinda had a thing with Stacey  
and that was pretty fun but  
Lately I wanna goto sleep with the same girl....  
the same girl every night  
Same girl every night, who wants the same guy every night  
and the same every night, every single night  
ahahah...ohohoh...  
So many flavor I wanted to taste  
All of those girls and how could I forget those names  
Like  
Jayme, thought she was the one till she  
played me just like twenty one then  
Katie, I couldn't get enough she was just like Pumpkin Pie.  
but then Katie, she kinda had a thing with Stacey  
and that was pretty fun but  
Lately I wanna goto sleep with the same girl....  
the same girl every night  
and maybe you're the only one who that can save me  
and maybe I'm in luck, cause I want to go to sleep with the same girl every night  
the same girl every night.....
