

Evanescence, Disappear

Hollow, like you don't remember me
Underneath everything I guess I always dreamed
That I would be the one to take you away
From all this wasted pain
But I can't save you from yourself

Don't you want to feel?
Don't you want to live your life?
How much longer are you gonna give in to the fear?
Holding you down until you're frozen
I can't let you fall apart

You don't even know what you've done to me
But I would be the one to take you away
From all this wasted pain
If you could just awaken

Don't you want to feel?
Don't you want to live your life?
How much longer are you gonna give in to the fear?
Holding you down until you're all alone
All alone and drowning in your past
Take it back, take it back
I still believe you can

Don't you want to feel?
Don't you want to live your life?
How much longer are you gonna give in to the fear?
I can't go on pretending
So give me something real
No one in your way but you
How much longer are you gonna give in to the fear?
Holding you down til you disappear
