

Evangelista, Truth Is Dark Like Outer Space

Voyagers alright. We're sailing out tonight. We gotta find life.

The truth is they lied so we shut em off like a light.

Captain says have at em boys have at em.

Cat tails tied around our waists. Perfect for jumpin into space.

Voyagers alright. We're shoving off tonight. We gotta find life.

The truth is they lied, so we shut em off like a light.

Captain says have at em boys have at em.

Cat tails on parade nothing in our way. Don't oversleep the day.

Ship sails at high tide. We gotta find life.

The truth is they lied so we shut em off like a light.

Captain says have at em boys have at em.
