

Eve 6, At Least We're Dreaming

When do we get to the part where I can go home
Been hiding inside the jungle gym for way to long
Waiting for someone to come along and find me
Living in apartment that bums me out
It don't get better when the lights go out
Waiting for someone to come along and find me
Swimming through the aisles of the grocery store
I don't even know what I'm looking for
I'm waiting for someone to come along and find me

At least I'm breathin
At least I'm alive
As long as I'm dreamin
Everything's gonna be alright

Down to the corner to call collect
Your mother wants to know are you happy yet
Waiting for someone to come along and find you
Going on a night looking for distraction
Sleeping through the day, there's no redemption
Waiting for someone to come along and find you

At least you're breathin
At least you're alive
As long as you're dreamin
Everything's gonna be alright
See everything's gonna be alright...

I'm alright, I tell myself twice
In the mirror before I can't go to sleep at night
I need a lullaby, I need some time
I need to get a dime bag from my guy
[Repeat]

At least we're breathing
At least we're alive
As long as we're dreamin
Everything's gonna be all...
Everything's gonna be alright

I'm alright, I tell myself twice
In the mirror before I can't go to sleep at night
I need a lullaby, I need some time
I need to get a dime bag from my guy

I'm alright, I tell myself twice
In the mirror before I can't go to sleep at night
I need a lullaby, I need some time
I need to find my way back home
I need to find my way back home
I need to get time bag from my guy...
